**Wall Mounting Bracket**

Wall mount can be fixed directly to wall, or may be secured to the extension brackets provided if the Barrier must extend off the wall.

**Diffuser**

**Front View**

- 2 m Grounded Power Cord

**Bottom View**

**Top View**

**Back View**

- Extension Bracket 2 per unit
- See Owners Manual for Details

---

**Microshield**

Distance from door header to Air Stream: 200 mm

Direct the Air Stream 10-15 degrees towards the exterior of the building to reduce the incursion of outside air.

For every 20 mm above the door header, move the barrier in 10 mm

Min 50 mm of clearance to ceiling.

**MCS-48**

- **Project:** Air Velocity Hi/Low (fpm) (m/s) 3150-2560/16-13
- **Engineer:** Air Volume Hi/Low (cfm) (l/s) 882-706/416-334
- **Tag:** Total kW/watts 0.30/298W
- **Weight lbs/Kg:** 39.6 lbs/16 Kg

---
